September 2008

Dear Parent and Racer,

Here we again! Looking toward the winter of 2009.

- **Have you registered with USSA?** If not you had better do so now! Go to the USSA web site and get it done. Each competitor must have a valid USSA number for insurance purposes and to register for races.
- **Go to the PARA web site and download the 2009 PARA application also.** Get it sent in ASAP. You need to do this by 1/1/09 to be accepted into the state finals for 2009.
- **Do you have you seasons pass or lift ticket?** If not get it before the discount date expires. New date Oct. 15.
- **The Team Per Season Training Price for 2009 is \$ 499.00– including Christmas Camp after 11/15/08 the price will jump to \$ 525.00,** please fill in the application and pay by checks payable to **CBH2O or charges are also accepted at the Guest Welcome Center or on line.** You will need to have a copy of the application and verification of payment. We ran into several problems with registration last year and we are trying to improve that situation. As a result: When you pay Camelback direct please be sure that you have a copy of your receipt so we can cross check. Due to the demand placed on the program this year from new applicants, and since we only have room for a limited number of athletes; **we are placing a cutoff date of Nov. 15, 2008 for the early discount and to guarantee a place on the team.** After that date we will begin to fill the team on a "first come first served basis." I would hate to see anyone be left out this year but the demand will be great. How good an athlete you might be is not insurance of a place on the team, in addition the club has USSA athlete insurance policies that need to be filled out and turned in, we have deadlines to meet. So get your team registration done as soon as possible. **No athlete can train in this program that has not paid the proper fees or does not have a lift ticket and signed the proper releases signed.** A team meeting is being planned for later in the fall and more information will follow. Check the CB and CST websites.
- **We are also asking for a racer support fee / donation to the PASEF.** This tax-deductible donation is used to support club expenses at camps, races and also covers our club athlete insurance. Keep in mind the PASAF is the parent club of the program. Through your donations to the club we support coaches expenses, insurance, and assorted race supplies (slalom training poles, race computers, radios, drills, etc). We accept all individual and corporate donations. More information will come from the club will be forthcoming. Have a great early fall,

Think winter,
Gus
